

## EXCLUSIVE INVITATION

### MEET BAXTER - the Future of Robotics

We would love you to join us for an evening showcasing Baxter, a new breed of collaborative robotics designed for businesses like yours.

Come and join us for a live presentation at Baxter's first New Zealand industrial installation. There will be an opportunity to talk directly with kanDO Innovation's engineers and get "hands on" to see how Baxter can take on some of your automation requirements.

Also discuss with staff from Callaghan Innovation about their programme that allows you to trial Baxter for up to a month in your plant.

We look forward to seeing you there,

Callaghan Innovation & kanDO Innovation

### DETAILS:

**Date:** Tuesday 14th of July  
**Time:** 4pm to 6pm  
**Venue:** Coventry Products Ltd  
18 The Concourse  
Henderson  
Auckland

**RSVP:** by 7th of July to  
[andrew.dawson@callaghaninnovation.govt.nz](mailto:andrew.dawson@callaghaninnovation.govt.nz)
